## Masterclass

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

We know you are good. And we know you are eager to become even better. Get those real-time problem-solving deep-dives with Skill Enhancement by the Zimmer Biomet Institute®!

The specific course objectives include:

- Analyse primary cementless stem designs
- Review the new Avenir Complete system and the first experiences with it
- Analyse the strategies for complex THR (fractures, DDH, deformities)
- Assess the management of instability in hips

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.
